

## Diesel Mechanics – Remote Sites

Lucas Earthmovers is seeking to employ a number of suitably qualified and experienced diesel mechanics to support our increasing involvement in mining and civil operations. Lucas Earthmovers has been operating for 40 years, is a South Australian based company and operates in the civil construction, quarrying, crushing, mining and waste management sectors and currently employs approximately 200 employees.

We are seeking to employ qualified and experienced diesel mechanics for support for our field operations.

Remote sites are in South Australia near a major regional centre and in Western Australia.

Applicants must be:

- Qualified tradesman (diesel fitter) with several years experience,
- Prepared to fly in/fly out from Adelaide (Aldinga),
- Prepared to undertake work in field conditions as required,
- Willing to work to a roster of nominally 14 days on and 7 days off,
- Familiar with Caterpillar, Komatsu, Hitachi Volvo and Nordberg branded equipment.
- Hold a current drivers license

It is desirable but not essential that: applicants have:

- MR or HR drivers license, and
- Forklift and EWP ticket

Initial enquiries can be made to Ken Shinkfield tel. 0881794000 during normal business hours Mon. – Fri. All applications must be in writing and will be treated with the strictest confidence. To apply, please send your application to:
